Report on Airfields and Related Installations in Poland

1. P.Z.L.3 Motor Factory, RZESZOW: manufactures (does not overhaul) motors; near confluence of rivers Wistok and Strug.
2. JASIONKA Airfield: off RZESZOW-SOKOTOW road, near JASIONKA; one runway, possibly two; built by Germans, used in 1951 by Civil Aviation.
3. P.Z.L.2 Aircraft Factory, MIELEC: builds Petska twin-engine planes, similar to PE-3's.
4. Airfields north of MIELEC:
 - a. one east of MIELEC-TARNOBRZEG road, near SMIKOW, with 3 serviceable runways.
 - b. one built by Soviets in 1944; abandoned 1948; on west side of MIELEC-TARNOBRZEG road, between CHORZELOW and ZIOTRAIKI.

5. MOSCICE Power Station: east of MIELEC. P.Z.L.2 Aircraft Factory connected to it, but factory probably draws its electric power from its own Diesel generators.
6. LODZ Airfield: close to the city
